

Legion expand operations in the North East

Legion's operational base in the North East has been expanded, with two new management appointments and the relocation of our Leeds regional office into larger premises on the city's Ashbrook Business Park.

David Kerr, Contracts Support Manager for the Leeds area since 2006, has been promoted to Regional Manager North East. In this role, he is responsible for service delivery to all customers within the North East region, including Wakefield MDC, DTZ, CB Richard Ellis, Catterick Garrison, Borg Warner and DePuy International. David has over eight years experience of the security industry, having previously worked for Initial, Chubb and St James Security.

Jack Bennett is our newly appointed Area Development Manager for the North East. He is responsible for supporting David Kerr in managing our existing customer portfolio as well as developing new business opportunities in the region. Jack has over ten years experience in the security industry, having previously worked for Initial, Mitie and Chubb.

David and Jack will be based in our new offices in Leeds. The relocation was necessary following continued growth of our business in the North East, and the new appointments reflect the company's commitment to increasing our market share in the region. The new premises provide increased office space to accommodate the additional staff necessary to manage our growing customer portfolio, and also training facilities for our Skills for Security approved training courses, City & Guilds accredited Parking courses and First Aid courses.
